Paper 1 Influences of operations and HRM on business activity
8132/1
Friday 24 May 2019
Morning
Time allowed: 1 hour 45 minutes
At the top of the page, write your surname and other names, your centre number, your candidate number and add your signature.
[Turn over]

## 2

For this paper you must have: - a calculator.

## INSTRUCTIONS

- Use black ink or black ball-point pen.
- Answer ALL questions.
- You must answer the questions in the spaces provided. Do not write on blank pages.
- Do all rough work in this answer book. Cross through any work you do not want to be marked.

## INFORMATION

- The marks for each question are shown in brackets.
- The maximum mark for this paper is 90.

## DO NOT TURN OVER UNTIL TOLD TO <br> DO SO

## SECTION A

Answer ALL questions in the spaces provided.

For questions with four responses, only ONE answer per question is allowed.

For each answer, completely fill in the circle alongside the appropriate answer.

## CORRECT METHOD

WRONG METHODS

If you want to change your answer you must cross out your
 original answer as shown.

## 5

# If you wish to return to an answer previously crossed out, ring the answer you now wish to select as shown.

## SECTION B

Answer ALL questions in the spaces provided.
$0 \mid 2$
ITEM A: FLEET BIKES
Fleet Bikes is a United Kingdom (UK) business which manufactures high quality adult road bikes to sell to retailers. Orders from retailers are expected to be delivered within two weeks. There are lots of competitors for adult bikes. To increase its share of the bike market, the business has decided to develop its own range of children's bikes. A loan will be required to fund a factory extension. The business is aiming to reduce production costs.

The factory uses total quality management (TQM). The production of bikes uses steel and aluminium. The price of these raw materials goes up and down daily. Each month Fleet Bikes estimates the amount of steel and aluminium which it will need in advance for production. These large orders are delivered within a week and take up all the space in its warehouse. Currently, Fleet Bikes receives a 10\% discount from its main supplier for large orders. The supplier can deliver smaller amounts within three hours for an extra cost.

Children's bikes will be sold only on Fleet Bikes' website. Customers will expect quick delivery and many of the bikes will need to be manufactured and then sent to the customer within 24 hours of receiving the order.

## 22

## 0 2. 3

Fleet Bikes expects to produce and sell 600 children's bikes a year. The revenue from these sales is predicted to be $£ 240000$ annually.

For each of the children's bikes:

- steel and aluminium will cost $£ 50$
- parts will cost £45

Advertising, wages and other costs will cost £12 000 per month.

Using the above figures, calculate the expected profit per children's bike.

State the formula used and show your workings. [5 marks]

## ITEM B: FLEET ACADEMY

Production and sales of children's bikes has started. The company has now created a new department called the Fleet Academy that will start renting children's bikes within six weeks.

The aim of the rental service is that every child should be able to enjoy riding bikes that always fit them. The rental bikes can be changed when children grow. Parents will be able to view information on the website which will also contain answers to frequently asked questions (FAQs).

Extract of website FAQs

- How does the Fleet Academy rental scheme work?
- What is the minimum rental term?

A manager is needed to run the department. The company is offering a salary of $£ 30000$ a year. The manager will need a sales background and ideally have some knowledge of how rental businesses operate. Parents interested in the scheme will contact the manager who will provide advice on the correct size and style of bike for the child. The rental bike will then be manufactured based on this. If there are any problems with the size of the bike the company will guarantee to exchange it within 48 hours.

The managing director has contacted a recruitment agency. For a fee of $20 \%$ of the first year's salary it would find the most suitable candidate in four weeks. Brian, a highly successful salesman of adult bikes, has worked for Fleet Bikes Ltd for five years. He is keen to stay
[Turn over]
with the business and has shown an interest in the manager's job; however he has no knowledge of children's bikes.

Once the manager is appointed, two new administration employees will be recruited. Their jobs will be to deal with rental agreements, ordering of bikes from the factory and collecting payments. All new employees will receive one day of induction training before they start their jobs.

## SECTION C

Answer ALL questions in the spaces provided.

| 0 | 3 |
| :--- | :--- |

## ITEM C: THORNTONS CHOCOLATE

Thorntons Ltd is a British chocolate making business which is part of a larger company. Thorntons sells its chocolate products in stores. Boxes of handmade chocolates sell for a minimum of $£ 6$. Employees are trained to personalise some products, such as adding a name to Easter eggs, to add a touch of luxury.

Two of Thorntons' ingredients are cocoa and palm oil. A Fairtrade agreement for cocoa guarantees a higher price for Fairtrade farmers above the normal market price at which it can be sold.

## BLANK PAGE

The company wants to behave ethically. When its supplier of palm oil cut down too many trees and had a negative impact on the environment, it found a new supplier in South East Asia.

Information from the Thorntons website
Thorntons supports human rights. It wants to ensure working conditions are safe and its supply chain pays a living wage to workers in all countries. It has set an objective to double the amount of cocoa it purchases from Fairtrade farmers.

## ITEM D: THORNTONS CHOCOLATE

Thorntons Ltd requires a sales assistant for one of its shops. A job advertisement was placed on its website with the following information.

## SALES ASSISTANT REQUIRED

- Pay up to $£ 8$ per hour depending on age and experience.
- You will be given daily targets for sales of products.
- You will ensure every customer is welcomed when they arrive in store and help them to find the perfect gift or treat for themselves!
- You will bring the brand alive through your customer service and your product knowledge.

## 56

## ITEM E: THORNTONS CHOCOLATE

Thorntons' chocolates are made at its factory in Derbyshire. It employs experienced and highly skilled chocolate makers to design products and oversee production. It has approximately 200 stores throughout the UK.

At its store in Derby, Thorntons has successfully introduced job production where a chocolate maker shows customers how the delicious treats are made. Unique premium products can be made to order exactly as the customer requests. The store in Derby was chosen as it has lots of space for the production equipment. It is located near to the factory and each day a chocolate maker from there is selected to be sent to the store.

Thorntons offer franchising, called 'Thorntons In Your Store'. The franchise is offered to existing business owners, such as card shops, who allocate space to sell Thorntons' products. The franchise fee is $£ 1000$ for five years with the buyer paying for the fixtures and fittings needed. Predicted sales are between $£ 80000$ and $£ 250$ 000. To support the business owners Thorntons offer training and help with sales and customer service.

People in the UK like chocolate, but they're eating less. The value of UK chocolate sales is growing but the amount of chocolate sold is falling. Customers are now buying chocolate as a treat. A third of British chocolate buyers splash out on premium products.
[Turn over]

\section*{| 0 | 3 | 8 |
| :--- | :--- | :--- |}

Thorntons want to increase sales and are considering TWO options in the UK to achieve this.

Recommend if Thorntons should expand by:

- introducing job production in most of its existing stores within the next five years

OR

- offering more 'Thorntons In Your Store' franchising.

Analyse the effect of EACH of these two options on Thorntons' sales.

Evaluate which of these two options will have the biggest impact on Thorntons' sales. [12 marks]
