2	in a she hus mot	rol, aged 26, has a phobia of dogs, which means that the thought of being a public park makes her extremely anxious and frightened. Recently, e has become so afraid that she will only leave her home by car. Carol's shand has persuaded her to seek help. He is worried because Carol's other has had the same phobia for many years and shows no signs of thing better.	Examiner Only Marks Remark
	(a)	Write down three symptoms Carol may experience when she sees a dog.	
		1 [1]	
		2 [1]	
		3 [1]	
	(b)	Carol's husband would prefer that she is referred to a psychologist for therapy rather than taking drugs to relieve her symptoms. Explain two reasons for his preference. 1
