According to Andy, whose daughter Colette suffers from anorexia nervosa, 2 Marks Remark "Anorexia is a secret illness that thrives on deception and half truths. As parents you cannot trust anything your daughter says about food and weight. If someone hasn't witnessed her eating her snack or meal, then she probably hasn't had it." http://www.b-eat.co.uk/AboutEatingDisorders/SurvivorsStories/Andv (a) Colette frequently lied about eating. Write down three other behaviours that might suggest a young person has anorexia nervosa. 1.______[1] 2. ______ [1] **(b)** Complete the table below to highlight two differences between anorexia nervosa and bulimia nervosa. One example has been completed for you. Anorexia nervosa (AN) Bulimia nervosa (BN) People with AN are more People with BN are more prone to fasting prone to bingeing [4]
