## Manufacturing

Paper 1 Assessment Unit 3 assessing Manufacturing Technology

[GMA31]

THURSDAY 9 JANUARY, MORNING

1 hour.

## **INSTRUCTIONS TO CANDIDATES**

Write your Centre Number and Candidate Number in the spaces provided at the top of this page.

Write your answers in the spaces provided in this question paper. Answer **all ten** questions.

## INFORMATION FOR CANDIDATES

The total mark for this paper is 80.

Figures in brackets printed down the right-hand side of pages indicate the marks awarded to each question or part question.

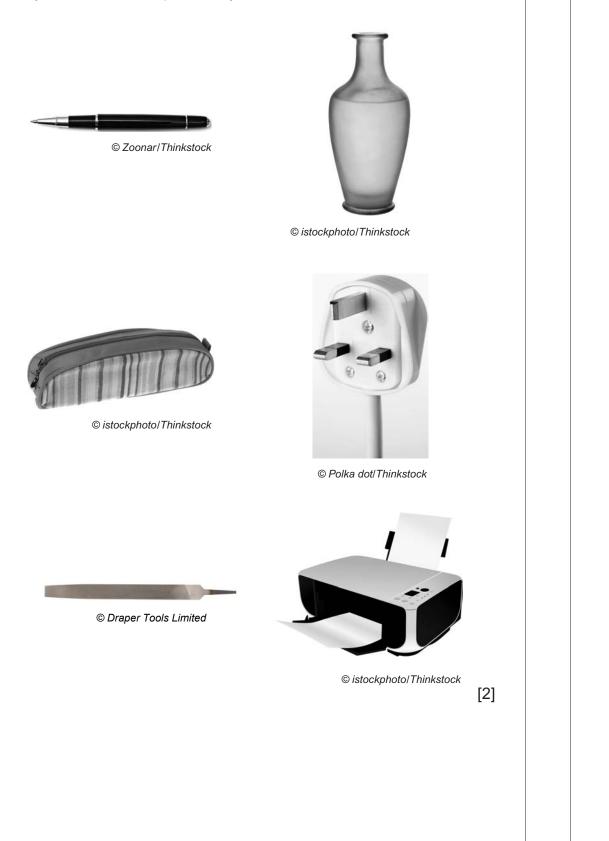

For Examiner's use only

**1** (a) All the products below belong to a manufacturing sector.

Circle **two** products shown below that belong to the printing and publishing sector.

You **must** only circle **two** products. If you make a mistake you must clearly show which two products you have chosen.

(b) All the products below belong to a manufacturing sector.

Circle **two** products shown below that belong to the engineering fabrication sector.

You **must** only circle **two** products. If you make a mistake you must clearly show which two products you have chosen.

8 The picture below shows a baby's wooden cradle.

© iStockphoto / Thinkstock

Some baby cradles like the one shown above are manufactured using traditional woodworking joints. Others however are designed to incorporate standard components such as knock-down fittings to assist with the assembly.

(a) Outline **one** advantage for the manufacturer of using knock-down fittings in products like the cradle shown above.

[2]

Examiner Only Marks Remark

(b) Outline **two** advantages for the manufacturer of using computer numerical control (CNC) machinery when manufacturing a cradle like the one shown above. (Your answer must specifically relate to the manufacture of a cradle.)
