

CLASSICAL STUDIES

GCE Advanced Level and GCE Advanced Subsidiary Level

Grade thresholds taken for Syllabus 9274 (Classical Studies) in the October/November 2012 examination.

	maximum mark available	minimum mark required for grade:		
		A	B	E
Component 11	50	36	32	18
Component 12	50	36	32	18
Component 13	50	36	32	18
Component 21	50	37	33	19
Component 22	50	37	33	19
Component 23	50	37	33	19
Component 3	50	34	28	18
Component 4	50	30	25	16

The thresholds (minimum marks) for Grades C and D are normally set by dividing the mark range between the B and the E thresholds into three. For example, if the difference between the B and the E threshold is 24 marks, the C threshold is set 8 marks below the B threshold and the D threshold is set another 8 marks down. If dividing the interval by three results in a fraction of a mark, then the threshold is normally rounded down.

The thresholds for the **syllabus** are determined first by adding together the thresholds for the components taken by the candidate. A reduction may be made at the higher grades depending on the correlation of the papers. If the maximum raw marks for the components are not in the weighting/relationship specified in the syllabus, a weighting is applied to arrive at the overall thresholds. The A* threshold is calculated using the difference between A and B as a starting point.

For AS Level components, small adjustments may be made to the marks awarded for some versions of the paper in order to neutralise any differences in the difficulty of the different versions and so make sure that all candidates face an equal demand.

The maximum total mark for this syllabus is **200** for A Level and **100** for AS Level.

For this syllabus in this series the grade thresholds were as follows:

Option	Combination of components	A*	A	B	C	D	E
C	03, 04 and 67	115	101	87	75	63	52
SX	AS Level		73	65	55	45	36
SY	AS Level		73	65	55	45	36
SZ	AS Level		73	65	55	45	36

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
