

COMPUTING

GCE Advanced Level and GCE Advanced Subsidiary Level

Grade thresholds taken for Syllabus 9691 (Computing) in the May/June 2013 examination.

	maximum mark available	minimum mark required for grade:		
		A	B	E
Component 11	75	40	34	19
Component 12	75	40	34	19
Component 13	75	40	34	19
Component 21	75	43	36	18
Component 22	75	43	36	18
Component 23	75	45	39	21
Component 31	90	64	55	30
Component 32	90	64	55	30
Component 33	90	64	55	30

The thresholds (minimum marks) for Grades C and D are normally set by dividing the mark range between the B and the E thresholds into three. For example, if the difference between the B and the E threshold is 24 marks, the C threshold is set 8 marks below the B threshold and the D threshold is set another 8 marks down. If dividing the interval by three results in a fraction of a mark, then the threshold is normally rounded down. Grade A* does not exist at the level of an individual component.

The thresholds for the **syllabus** are determined first by adding together the thresholds for the components taken by the candidate. A reduction may be made at the higher grades depending on the correlation of the papers. If the maximum raw marks for the components are not in the weighting/relationship specified in the syllabus, a weighting is applied to arrive at the overall thresholds. The A* threshold is calculated using the difference between A and B as a starting point.

For AS Level components, small adjustments may be made to the marks awarded for some versions of the paper in order to neutralise any differences in the difficulty of the different versions and so make sure that all candidates face an equal demand.

The maximum total mark for this syllabus is **300** for A Level and **150** for AS Level.

For this syllabus in this series the grade thresholds were as follows:

Option	Combination of components	A*	A	B	C	D	E
AY	04, 12, 22, 32	217	192	167	143	120	97
AZ	04, 13, 23, 33	217	192	167	143	120	97
BY	04, 32, 66	221	199	177	155	133	111
BZ	04, 33, 66	221	199	177	155	133	111
