**October/November 2018**

MARK SCHEME

Maximum Mark: 100

---

**Published**

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the October/November 2018 series for most Cambridge IGCSE™, Cambridge International A and AS Level components and some Cambridge O Level components.

This document consists of **10** printed pages.

**Generic Marking Principles**

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

**GENERIC MARKING PRINCIPLE 1:**

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

**GENERIC MARKING PRINCIPLE 2:**

Marks awarded are always **whole marks** (not half marks, or other fractions).

**GENERIC MARKING PRINCIPLE 3:**

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

**GENERIC MARKING PRINCIPLE 4:**

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

**GENERIC MARKING PRINCIPLE 5:**

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

**GENERIC MARKING PRINCIPLE 6:**

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

**Band A**

For questions out of 20	For questions out of 12	For questions out of 8
16–20*	10–12	7–8

A commendable answer for an eighteen-year-old; shows a high level of detailed and accurate knowledge, displayed with confidence, clear reasoning and relevance to the question; articulate, well-constructed. For 18, 19 and 20 marks shows evidence of independent interest or background reading.

**Band B**

For questions out of 20	For questions out of 12	For questions out of 8
14 or 15	8 or 9	6

A very competent answer, with some evidence of critical judgement attempted; covers the main points in reasonable depth; relates the material coherently to the question on the paper, rather than writing about the topic in general.

**Band C**

For questions out of 20	For questions out of 12	For questions out of 8
12 or 13	7	5

Gives an adequate list of the main relevant information, without much additional comment or explanation; possibly a fair repetition of class / teacher's / textbook notes; answer may be uneven: good in parts but missing an important point or ignoring what the question is actually asking.

**Band D**

For questions out of 20	For questions out of 12	For questions out of 8
10 or 11	6	4

Shows a fair understanding of the topic; material mostly relevant, although lacking in detail and/or specific examples; possible weaknesses: misses one whole aspect of the question; writes only in a narrative style, 'telling the story'; ignores the set question apart from a final paragraph; presents material as a list rather than a sustained argument.

**Band E**

For questions out of 20	For questions out of 12	For questions out of 8
8 or 9	5	3

Basic knowledge only, but what appears is fairly accurate; shows just enough understanding of the topic, though possibly not of the question being asked; possible weaknesses: a seemingly pre-prepared answer copied out; a short answer 'padded out' with irrelevant material; weakly argued, contains material which contradicts the accurate part, or in some other way raises doubts about the candidate's understanding.

For questions out of 20	For questions out of 12	For questions out of 8
6 or 7	4	2

Knowledge too limited; answer thin on detail; understanding in doubt (of the topic itself and/or of what is being asked); standard of writing / approach to the question is more appropriate to O Level; very short.

For questions out of 20	For questions out of 12	For questions out of 8
4 or 5	3	2

A minimal attempt made to address the topic; recognition of several key terms (e.g. Hadith, Sunnah, Hijrah, ijma' Caliphate, Qur'an); a few sentences written which show evidence of recognising the topic / or show an attempt to give a 'common sense' answer; short.

For questions out of 20	For questions out of 12	For questions out of 8
2 or 3	2	1

Shows recognition of meaning of at least two key terms relevant to the question, even if what is written is incoherent or fails to make a point; one or two paragraphs only.

- 1** At least one sentence containing a pertinent point or key term and showing some understanding of its meaning / relevance.
- 0** No discernible relevance at all to the topic or the question.
