Paper 2 Design Assignment

November 2011

8 hours

Candidates must have eight weeks' preparation time. The examination can be scheduled at any time provided it is completed no later than 31 October.

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number, name and question number on the top right-hand corner of the front of **each** sheet of paper.

Answer **one** question.

In addition to the examination piece, up to **two** A2 sheets (four sides) of supporting studies should be submitted. These supporting studies should be undertaken after receipt of this paper and prior to the examination. Candidates should refer to this supporting work during the examination.

All questions are for designs initially developed on paper (these can be continued into three-dimensional structures but any three-dimensional solutions should then be recorded through photographic or digital means).

Supporting studies must be taken into the examination room and **must** be submitted for external assessment together with the final examination work. The submission will be assessed as a whole.

At the end of the examination, fasten all your work securely together at the top left-hand corner of each sheet.

All questions in this paper carry equal marks.

This document consists of **2** printed pages.
