

Sulfur – 2022 Nov IGCSE Chemistry 0620

1. Nov/2022/Paper_11,12,13,21,22,23/No.32

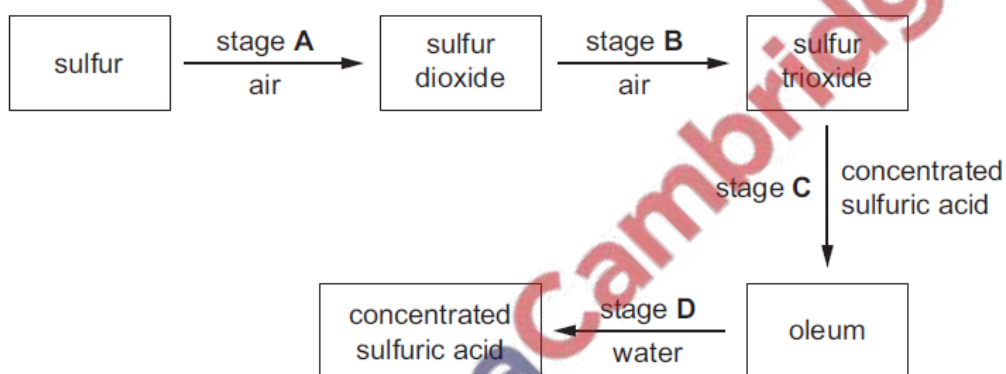

Which element has an oxide that is used as a food preservative?

- A helium
- B hydrogen
- C iron
- D sulfur

2. Nov/2022/Paper_21/No.31

The scheme shows four stages in the conversion of sulfur to sulfuric acid.

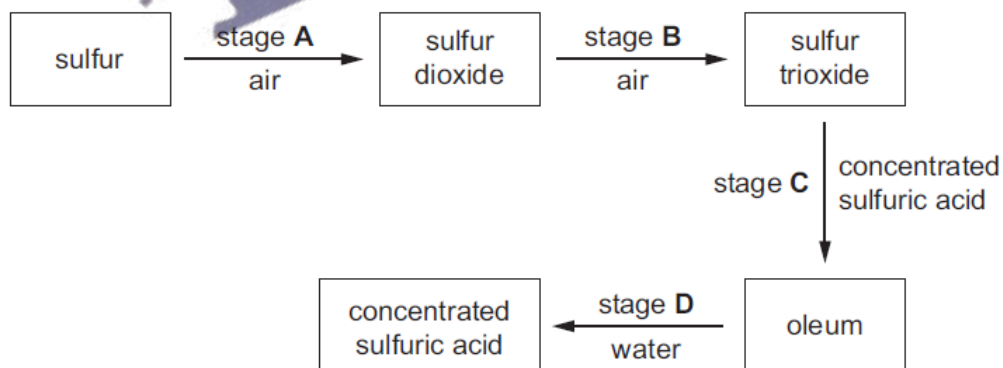

In which stage is a catalyst used?

3. Nov/2022/Paper_22/No.31

The scheme shows four stages in the conversion of sulfur to sulfuric acid.

In which stage is a catalyst used?

4. Nov/2022/Paper_23/No.31

The scheme shows four stages in the conversion of sulfur to sulfuric acid.

In which stage is a catalyst used?
