**International General Certificate of Secondary Education** 

## MARK SCHEME for the May/June 2009 question paper for the guidance of teachers

## 0680 ENVIRONMENTAL MANAGEMENT

0680/01

Paper 1, maximum raw mark 60

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2009 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

				May May 1
	Page 2		Mark Scheme: Teachers' version	Syllabus
			IGCSE – May/June 2009	0680
1	(a)	(i)	air/atmosphere/at the top	Canny
		(ii)	<ul> <li>1 – decay/decomposition/respiration</li> <li>2 – respiration</li> <li>3 – photosynthesis</li> <li>4 – death 4/3 = 2, 1/2 = 1</li> </ul>	Syllabus 0680 er 0680
		(iii)	more gain of carbon dioxide to atmosphere: any 2 burning of fossil fuels; car use/power station use/eq.;; less loss form atmosphere: deforestation/eq.; less photosynthesis;	[3]
	(b)	(i)	carbon dioxide builds up/eq.; carbon dioxide is greenhouse gas/causes greenhou traps heat; makes (world) temp rise/causes global warming/eq.	
		(ii)	any from; walk/public transport/bike/turn off lights when not in down/use hybrid car/high mileage car/campaigr commercial or large scale tree planting ventures/n authorities (R) points to do with laws as Q about people (R) afforestation on its own	n/planting trees (but not obviously
2	(a)	(i) (ii)	open site/away from interference; clear of buildings/other overhangs/avoiding runoff (empty at known time one day;	eq.) from trees/roofs/eq. [2]
		,	collect and read off on scale/eq.; at same time next day/regular checking; (A) measure daily rise for one mark;	[2]
	(b)	(i)	no rain J/J/A; rain rest of year/named months dry season/wet season; months quoted;	[2]
		(ii)	any ref to irrigation of suitable kind/eq.; AVP	[1]
		(iii)	addition of fertilisers/use of pesticide/herbicide/ genetically improved varieties/rotation	[1]

				Why.

		IGCSE – May/June 2009	0680	3-
ļ	(a) (i) (ii)			Cambridge
	(iii)	overfishing; improved technology (named); how it works/AVP; marine pollution; named one/effect;		COM

- (a) (i) 34
  - (ii) 60
  - (iii) overfishing;

improved technology (named); how it works/AVP; marine pollution; named one/effect; climate change; effect on food/eq.; increased demand; due to pop growth/eq.; damage to habitat; caused by trawling methods; commercialisation/eq.; factory ships/eq.; **AVP** 

any 2 two named explained

[4]

(b) (i) larger mesh;

quotas;

restricted seasons;

restricted range/zones;

fish types/species/size restricted;

smaller net;

fish farming;

fish taxes;

AVP;

[2]

(ii) young fish caught, not kept but dead on return;

can't monitor;

law breaking;

hunger;

poverty;

demand irresistible;

**AVP**
