## **HINDI AS A SECOND LANGUAGE**

## International General Certificate of Secondary Education

Grade thresholds taken for Syllabus 0549 (Hindi as a Second Language) in the May/June 2011 examination.

|             | maximum<br>mark<br>available | minimum mark required for grade: |    |    |    |  |
|-------------|------------------------------|----------------------------------|----|----|----|--|
|             |                              | А                                | С  | E  | F  |  |
| Component 1 | 60                           | 42                               | 29 | 21 | 13 |  |
| Component 2 | 30                           | 22                               | 14 | 10 | 6  |  |

The threshold (minimum mark) for B is set halfway between those for Grades A and C. The threshold (minimum mark) for D is set halfway between those for Grades C and E. The threshold (minimum mark) for G is set as many marks below the F threshold as the E threshold is above it. Grade A\* does not exist at the level of an individual component.

The thresholds for the **syllabus** are determined first by adding together the thresholds for the components taken by the candidate. A reduction may be made at the higher grades depending on the correlation of the papers. If the maximum raw marks for the components are not in the weighting/relationship specified in the syllabus, a weighting is applied to arrive at the overall thresholds. The A\* threshold is calculated using the difference between A and B as a starting point.

The maximum total mark for this syllabus is 90.

The overall thresholds for the different grades were set as follows.

| Option | Combination of components | <b>A</b> * | Α  | В  | С  | D  | E  | F  | G |
|--------|---------------------------|------------|----|----|----|----|----|----|---|
| Α      | 01, 02                    | 70         | 63 | 53 | 43 | 37 | 31 | 19 | 7 |

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
