**0470 HISTORY**

<b>0470/01</b>	<b>Paper 1, maximum raw mark 60</b>
<b>0470/02</b>	<b>Paper 2, maximum raw mark 50</b>
<b>0470/04</b>	<b>Paper 4 (Alternative to Coursework), maximum raw mark 40</b>

These mark schemes are published as an aid to teachers and students, to indicate the requirements of the examination. They show the basis on which Examiners were initially instructed to award marks. They do not indicate the details of the discussions that took place at an Examiners' meeting before marking began. Any substantial changes to the mark scheme that arose from these discussions will be recorded in the published *Report on the Examination*.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the *Report on the Examination*.

- CIE will not enter into discussion or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the June 2004 question papers for most IGCSE and GCE Advanced Level syllabuses.

**Grade thresholds** taken for Syllabus 0470 (History) in the June 2004 examination.

## APPLICATION OF THE MARK SCHEME

### 1. Use of the Mark Scheme

- 1.1. It is not possible to cover every possible type of response within a levels of response mark scheme and examiners are expected to use their professional judgement at all times in ensuring that responses are placed in the correct levels and given an appropriate mark within that level.
- 1.2. Marking must be positive. Marks must not be deducted for inaccurate or irrelevant answers. Half- marks must not be used.
- 1.3. The full range of marks should be used. Do not be afraid to award full marks or no marks. Failure to do this will seriously affect the distribution of marks. Be prepared to reward candidates who show any level of understanding. The mark scheme starts from basic acceptable response.
- 1.4. Be consistent from script to script and from batch to batch.
- 1.5. Indicate that all answers have been seen.
- 1.6. Do not transfer marks from one part of a question to another.
- 1.7. If a candidate reaches a particular level s/he must be rewarded with a mark within that level. It is not necessary to work through the levels.
- 1.8. Exhaustive lists of possible facts are not given in the mark scheme, as there is often a choice of factual knowledge that candidates may use.
- 1.9. **WHERE EXAMPLES OF RESPONSES ARE GIVEN, THESE ARE NOT PRESCRIPTIVE, BUT ARE INTENDED AS A GUIDE.**
- 1.10. Where a band of marks is indicated for a level these marks should be used with reference to the development of the answer within that level.

### 2. Marking

- 2.1. All marking should be in red.
- 2.2. The level, and mark awarded for each part question, **MUST** be shown clearly in the margin of the script towards the end of an answer, e.g. L3/8.
- 2.3. At the end of each question the total mark achieved by the candidate for that question **MUST** be indicated in a circle.
- 2.4. The total mark for each question should be transferred to the front page of the script. The marks for the three questions should be totalled and indicated. The final total for the script should then be circled.
- 2.6. It is not necessary to tick the body of an answer and examiners should refrain from doing so.
- 2.7. Examiners must indicate, in the body of the response, where a level has been achieved and, where appropriate, marks are gained.

### 3. Assessment Objectives

- 3.1. The Assessment Objectives being tested in each part of a question are:
  - (a) recall, description
  - (b) recall, explanation
  - (c) recall, explanation and analysis.

This approach can be highlighted by:

'There was much corruption with many Party members living in luxury whilst the workers were living in poverty.'

'The people no longer had faith in their government as they saw the West getting richer.'

'Industry and agriculture were not efficient and there was the need for expensive imports.'

	<b>IGCSE EXAMINATIONS – JUNE 2004</b>	<b>0470</b>

This paper is marked out of a maximum of 40 marks. Candidates must choose ONE Depth Study to attempt. Questions and Marking Schemes for each Depth Study have been developed to follow a pattern. In every case, part (a) questions concentrate on source material provided in the Paper and are worth a total of 20 marks. Part (b) questions deal with subject matter closely related to the source material and also have a total value of 20 marks. Whilst marking schemes are based on the same model, they have been printed separately to allow exemplars of skill and information levels which candidates may use. These exemplars are not intended to be exclusive or exhaustive.
