www.papacambridge.com MARK SCHEME for the October/November 2011 question paper

for the guidance of teachers

0470 HISTORY

0470/12

Paper 1 maximum raw mark 60

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2011 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

1 **Use of the Mark Scheme**

- Cambridge.com 1.1 It is not possible to cover every possible type of response within a levels of response scheme and examiners are expected to use their professional judgement at all time ensuring that responses are placed in the correct levels and given an appropriate mark with that level.
- 1.2 Marking must be positive. Marks must not be deducted for inaccurate or irrelevant answers. Half- marks must not be used.
- 1.3 The full range of marks should be used. Do not be afraid to award full marks or no marks. Failure to do this will seriously affect the distribution of marks. Be prepared to reward candidates who show any level of understanding. The mark scheme starts from basic acceptable response.
- Be consistent from script to script and from batch to batch. 1.4
- 1.5 Indicate that all answers have been seen.
- 1.6 Do not transfer marks from one part of a question to another.
- 1.7 If a candidate reaches a particular level s/he must be rewarded with a mark within that level. It is not necessary to work through the levels.
- 1.8 Exhaustive lists of possible facts are not given in the mark scheme, as there is often a choice of factual knowledge that candidates may use.

WHERE EXAMPLES OF RESPONSES ARE GIVEN, THESE ARE NOT PRESCRIPTIVE, 1.9 BUT ARE INTENDED AS A GUIDE.

1.10 Where a band of marks is indicated for a level these marks should be used with reference to the development of the answer within that level.

2 Marking

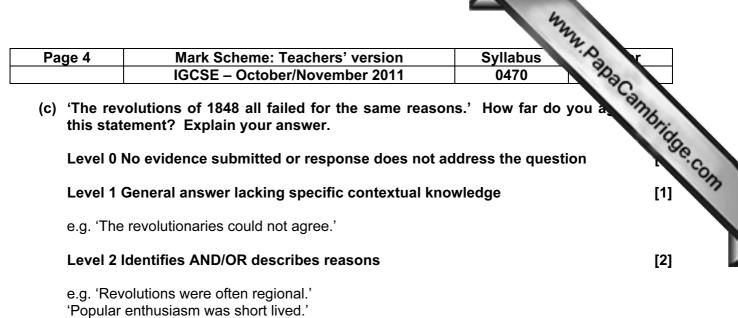

- 2.1 All marking should be in red.
- 22 The level, and mark awarded for each part question, **MUST** be shown clearly in the margin of the script towards the end of an answer, e.g. L3/8.
- 2.3 At the end of each question the total mark achieved by the candidate for that question MUST be indicated in a circle.
- 2.4 The total mark for each question should be transferred to the front page of the script. The marks for the three questions should be totalled and indicated. The final total for the script should then be circled.
- 2.6 It is not necessary to tick the body of an answer and examiners should refrain from doing so.
- 2.7 Examiners must indicate, in the body of the response, where a level has been achieved and, where appropriate, marks are gained.

3 **Assessment Objectives**

- 3.1 The Assessment Objectives being tested in each part of a question are:
 - (a) recall, description
 - (b) recall, explanation
 - (c) recall, explanation and analysis.

[3–5]

e.g. 'One of Hitler's aims was to overturn the Treaty of Versailles. In March 1933 he announced that the German peacetime army was to be increased to 300,000. This was in direct defiance of the Treaty which had limited Germany's army to 100,000 men. Two years later he reintroduced conscription, again defying the treaty.'

OR

e.g. 'Hitler wanted to gain Lebensraum in Eastern Europe. At the same time he thought he could defeat communism in the Soviet Union. By 1939 he had not achieved this. In order to take over Poland he had needed to sign the Nazi-Soviet Pact; he was still a long way from taking over the Soviet Union and destroying communism.'

(One mark for an explanation, additional mark for full explanation.)

e.g. 'Mao used the Red Guards because of their youth. In Mao's eyes the youth of China would be untainted by the thoughts, habits and customs of the old China. Therefore they could be mobilised in a campaign to eradicate the Four Olds from Chinese culture.'

'Transport ground to a halt.'

Level 3 Explains success OR lack of success

e.g. 'For Mao personally, the Cultural Revolution can be viewed as a success. His purge of the Party succeeded. Liu Shaoqi, Deng Xiaoping and several other leading members of the Politburo had been humiliated and removed from office. The Politburo itself had ceased to have any real power; its place had been taken by a smaller standing committee.'
