

MARK SCHEME for the May/June 2013 series

0470 HISTORY

0470/11

Paper 1, maximum raw mark 60

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

1 Use of the Mark Scheme

- 1.1 It is not possible to cover every possible type of response within a levels of response mark scheme and examiners are expected to use their professional judgement at all times in ensuring that responses are placed in the correct levels and given an appropriate mark within that level.
- 1.2 Marking must be positive. Marks must not be deducted for inaccurate or irrelevant answers. Half-marks must not be used.
- 1.3 The full range of marks should be used. Do not be afraid to award full marks or no marks. Failure to do this will seriously affect the distribution of marks. Be prepared to reward candidates who show any level of understanding. The mark scheme starts from basic acceptable response.
- 1.4 Be consistent from script to script and from batch to batch.
- 1.5 Indicate that all answers have been seen.
- 1.6 Do not transfer marks from one part of a question to another.
- 1.7 If a candidate reaches a particular level s/he must be rewarded with a mark within that level. It is not necessary to work through the levels.
- 1.8 Exhaustive lists of possible facts are not given in the mark scheme, as there is often a choice of factual knowledge that candidates may use.
- 1.9 **WHERE EXAMPLES OF RESPONSES ARE GIVEN, THESE ARE NOT PRESCRIPTIVE, BUT ARE INTENDED AS A GUIDE.**
- 1.10 Where a band of marks is indicated for a level these marks should be used with reference to the development of the answer within that level.

2 Marking

- 2.1 All marking should be in red.
- 2.2 The level, and mark awarded for each part question, **MUST** be shown clearly in the margin of the script towards the end of an answer, e.g. L3/8.
- 2.3 At the end of each question the total mark achieved by the candidate for that question **MUST** be indicated in a circle.
- 2.4 The total mark for each question should be transferred to the front page of the script. The marks for the three questions should be totalled and indicated. The final total for the script should then be circled.
- 2.5 It is not necessary to tick the body of an answer and examiners should refrain from doing so.
- 2.6 Examiners must indicate, in the body of the response, where a level has been achieved and, where appropriate, marks are gained.

3 Assessment Objectives

- 3.1 The Assessment Objectives being tested in each part of a question are:
 - (a) recall, description
 - (b) recall, explanation
 - (c) recall, explanation and analysis.

Level 3 Explains reasons [4–7]

(One mark for an explanation, additional mark for full explanation.)

e.g. 'Without the USA in the League trade sanctions would not be effective. If the League members placed trade sanctions on an aggressive nation that nation would still be able to trade with the USA. Page 17	Mark Scheme	Syllabus	Paper
	IGCSE – May/June 2013	0470	11

Mussolini continually defied the League's orders and formally annexed Abyssinia in May 1936. The League's ideal of collective security had not worked.'

OR

e.g. 'Britain and France often acted in their own self-interest. During the Manchurian crisis Britain seemed much more interested in maintaining good relations with Japan than in imposing sanctions. Both Britain and France were not prepared to send their armed forces to Manchuria, arguing that it was too far away.'

Level 4 Explanation of Italy AND Britain and France [5–7]

'He had defied the Locarno agreement.'

Level 3 Explains reasons [4–7]

(One mark for an explanation, additional mark for full explanation.)

e.g. 'Hitler's gamble in attempting to overturn a term of the Treaty of Versailles had paid off. The French did not oppose him and the British believed he was only marching into his own backyard. For Hitler the message was clear; both Britain and France lacked the will to fight. This gave him the confidence to plan further moves.'

Page 20	Mark Scheme	Syllabus	Paper
	IGCSE – May/June 2013	0470	11

6 (c) 'Increased militarism was the main cause of the Second World War.' How far do you agree with this statement? Explain your answer.

'Germany's invasion of Poland caused the war.'

'The Nazi-Soviet Pact was the main reason for war.'

Level 3 Explanation of increased militarism OR other causes [3–5]

e.g. 'Increased militarism definitely contributed to the likelihood of war. Hitler's excuse for reintroducing conscription in Germany was that Britain had just announced air force increases and France had extended conscription from 12 to 18 months. France's justification was that Germany was rearming. Worries about increased numbers of weapons and troops increased tension and made each country more likely to expand its own armed forces in response. This made war more likely.'

OR

e.g. 'The Nazi-Soviet Pact was the main cause of war. The Pact gave Hitler the confidence to attack Poland because he no longer had to worry about a war on two fronts. As Britain and France had done nothing about his invasion of Czechoslovakia in 1939, Hitler believed they would not keep to their promise to defend Poland. He invaded Poland and Britain and France declared war.'

'The USA had an atomic bomb.'

'Stalin had set up a Communist government in Poland.'

Level 3 Explains reasons [4–7]

(One mark for an explanation, additional mark for full explanation.)

e.g. 'There was mistrust because Stalin had left his troops in the Eastern European countries he had liberated. Page 23	Mark Scheme	Syllabus	Paper

'The Marshall Plan contributed.'

'Stalin set up Cominform.'

Level 3 Explanation of Berlin Blockade OR other reasons [3–5]

e.g. 'Stalin wanted to force the Allies out of Berlin and so he introduced a blockade, cutting off West Berlin from western help. The West defeated the blockade by flying in supplies, which resulted eventually in Stalin backing down. Stalin responded by turning the Soviet sector into the GDR. Germany was now divided even more firmly and Cold War tension increased.'

OR

e.g. 'The USA interpreted the Soviet takeover of Eastern Europe as the start of spreading communism around the world. They responded with the Truman Doctrine and the Marshall Plan which would help the vulnerable European economy suffering from the after effects of the war. The USSR saw this as a threat and an attempt to ensure capitalist dominance in Europe.'

Level 4 Explanation of Berlin Blockade AND other reasons [5–7]

Both sides of Level 3.

'He wanted to be seen as a strong President.'

Level 3 Explains reasons [4–7]

(One mark for an explanation, additional mark for full explanation.)

e.g. 'Kennedy could not allow the Soviet Union to position nuclear weapons on Cuba. By stopping Soviet ships and searching them it would show that Kennedy was a strong president, but this action would not be a direct act of war like invading Cuba or bombing the missile sites. The burden would now be on Khrushchev to decide how to react.'

OR

e.g. 'Propaganda was essential in controlling the German people. They were bombarded with the Nazi Party message time and time again to ensure that any views hostile to Nazism were suppressed. 11 (c) ‘The Tsar’s decision to take personal command of the armed forces in 1915 was the main reason for the fall of the Tsarist regime.’ How far do you agree with this statement? Explain your answer.

Level 0 No evidence submitted or response does not address the question [0]

‘The Tsarina’s relationship with Rasputin was the main cause.’

‘There were food shortages.’

‘There was industrial discontent and strikes.’

Level 3 Explanation of Tsar’s decision OR other reasons [3–5]

e.g. ‘When the Tsar took personal command of the armed forces in 1915, this meant that he would now be held personally responsible for any military defeats suffered by Russia. He had little knowledge of military strategy and tactics. In 1916 General Brusilov launched an offensive but was forced to retreat yet again. Over one million Russians died in this campaign, and many people blamed this on the Tsar’s incompetence as a military leader.’

OR

e.g. ‘The Tsarina became increasingly dependent on advice from Rasputin. She dismissed able ministers and replaced them with men who would do as they were told, and with friends of Rasputin. There were so many changes of ministers that nobody was organising food, fuel and other supplies for the cities properly. Discontent grew.’

‘The media were controlled by the state.’

‘The cult of personality was the most effective method.’

Level 3 Explanation of use of fear OR other reasons [3–5]

e.g. ‘Soviet people lived in constant fear of the NKVD, the secret police. They did not dare to oppose Stalin, as they knew any opposition would result in arrest. Hundreds of thousands of people were murdered and imprisoned without trial. It was simply not worth opposing Stalin.’

OR

e.g. ‘Propaganda was the most effective method. People in the Soviet Union were told what to think by the state. Radio, films and newspapers were all controlled by the state and could only produce material approved by the Communist Party. ‘Many Americans did not agree with the prohibition law.’

Level 3 Explanation of use of corruption OR other reasons [3–5]

Most of the law enforcement officers were themselves involved in the liquor trade as the big breweries bribed government officials, prohibition agents and the police. Often judges were in the pay of criminals and therefore it was difficult to get a conviction.’

OR

e.g. ‘The speakeasies were well supplied with illegal alcohol by the bootleggers. About two thirds of the illegal alcohol came from Canada. The vast border between the USA and Canada simply could not be effectively patrolled.’

OR

e.g. ‘The main weakness of the New Deal was that it did not do enough to help black Americans. The Boers surrounded Jameson and his forces and forced him to surrender. The Boers became even more distrustful of the British.'

OR

e.g. 'A growing sense of Afrikaner identity emerged in the early 1880s. e.g. ‘International sanctions definitely played a part. In 1986 the American Congress voted to ban imports of iron, steel, coal, textiles and uranium from South Africa, while the European Community banned imports of South African iron, steel, gold and coins. These sanctions led to a large increase in white unemployment in South Africa and economic growth suffered. This could not continue without South Africa suffering disastrous effects.’

OR

e.g. ‘De Klerk was a key figure in the ending of white minority rule. Following the whites-only election of 1989, De Klerk chose to treat the result as a mandate for reform although there was not a clear majority of voters wanting change. In December 1973 Arabs and Israelis sat together at a peace conference for the first time.'

OR

e.g. 'In 1956 Eisenhower was very angry about not being consulted regarding the Suez Crisis. The Israelis invaded Egypt in October 1956; the USA insisted they withdraw. The railways themselves also created numerous jobs for signalmen, firemen, guards, drivers, booking clerks and station masters.'

OR
