MARK SCHEME for the May/June 2015 series

0470 HISTORY

0470/12

Paper 1, maximum raw mark 60

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2015 series for most Cambridge IGCSE[®], Cambridge International A and AS Level components and some Cambridge O Level components.

® IGCSE is the registered trademark of Cambridge International Examinations.

GENERAL INSTRUCTIONS

Applying the Mark Scheme

- When marking a response the overall criterion to be considered should be – ‘How good is this response to this question?’
- The ‘Level Descriptor’ should be used to decide the level into which the quality of the answer fits.
- Exhaustive lists of possible facts are not given in the mark scheme, as there is often a choice of factual knowledge that candidates may use.
- **WHERE EXAMPLES OF RESPONSES ARE GIVEN, THESE ARE NOT PRESCRIPTIVE, BUT ARE INTENDED AS A GUIDE.** It is not possible to cover every possible type of response within a levels of response mark scheme and examiners are expected to use their professional judgement at all times in ensuring that responses are placed in the correct levels and given an appropriate mark within that level.
- Marking must be positive. Marks must not be deducted for inaccurate or irrelevant parts of answers. In itself, poor use of historical terminology, spelling, grammar or handwriting does not affect the mark. The overall quality of the answer to the question should be judged.
- If a candidate reaches a particular level, s/he must be rewarded with a mark within that level. It is not necessary to work through the levels.
- The full range of marks should be used. Do not be afraid to award full marks or no marks. Failure to do this will seriously affect the distribution of marks. Be prepared to reward candidates who show any level of understanding. The mark scheme starts from basic acceptable response. Where a band of marks is indicated for a level, these marks should be used with reference to the development of the answer within that level.

Assessment Objectives

The Assessment Objectives being tested in each part of a question are:

(b) Why were the Camp David Accords opposed by some Arab countries?

Level 4 Explains TWO reasons [6]

Level 3 Explains ONE reason [4–5]

(One mark for an explanation, additional mark for full explanation.)

e.g. 'Some Arab countries felt that Egypt had not demanded enough at Camp David to further the cause of the Palestinians. There was no provision in the Agreement for an independent Palestinian State centred on the West Bank.'

Level 2 Identifies AND/OR describes reasons [2–3]

(One mark for each identification/description)

e.g. 'The Agreement did not remove Israeli occupation of the West Bank.'
 'No agreement on an independent Palestinian State.'
 'Jewish settlements could be built in the West Bank.'
 'These settlements could be built on Arab land.'
 'Palestinians in the West Bank would be restricted in their movements.'
 'There was a feeling that Egypt had broken a united Arab front.'

Level 1 General answer lacking specific contextual knowledge [1]

e.g. 'The Agreement did not go far enough.'

Level 0 No evidence submitted or response does not address the question [0]

(c) How different were Israeli and Palestinian views of the Oslo Accords? Explain your answer.

Level 5 Explains with evaluation of ‘how different’ [10]

As Level 4 plus evaluation.

Level 4 Explanation of both sides [7–9]

A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other). This will be worth a mark of 7.

Fuller explanation of one issue to be given two marks.

An answer which only has one explanation on one side of the argument cannot be awarded more than 8.

**Level 3 One sided explanation OR
One explanation of both sides 5–6 marks** [4–6]

More detailed explanation of one issue to be given two marks.

e.g. ‘The Oslo Accords delayed a decision over Jerusalem, which annoyed most Palestinians. They demanded the return of the eastern sector of the city, which was dominated by Palestinians but was captured by Israel in 1967. The Palestinians wanted Jerusalem to be the capital of their new Palestinian state.’

OR

e.g. ‘The Israeli parties were split on their views. Labor was willing to make concessions as Rabin had shown in the Oslo Accords, but Likud considered the Accords as a betrayal of the Jews by giving away parts of the Jewish homeland. Likud continued to support the expansion of Jewish settlements in the Occupied Territories.’

Level 2 Identifies AND/OR describes [2–3]

e.g. ‘At the start, both sides seemed to be pleased with the progress.’

‘The Palestinians saw it as a slow process to self-rule.’

‘Palestinians wanted decisions over Jerusalem.’

‘Palestinians were unhappy about future water resources.’

‘Likud took a hard line towards settlements.’

‘Peres gave up little land around Jericho.’

‘Rabin had tried to be cooperative and willing to make concessions.’

Level 1 General answer lacking specific contextual knowledge [1]

e.g. ‘Both sides had a wide range of views.’

Level 0 No evidence submitted or response does not address the question [0]
