	UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS International General Certificate of Secondary Education
CANDIDATE NAME	
CENTRE NUMBER	CANDIDATE NUMBER
INFORMATIO	N AND COMMUNICATION TECHNOLOGY 0417/11 October/November 2010
	2 hours

Candidates answer on the Question Paper.

No Additional Materials are required.

## READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name on all the work you hand in. Write in dark blue or black pen.

You may use a soft pencil for any diagrams, graphs or rough working. Do not use staples, paper clips, highlighters, glue or correction fluid.

No marks will be awarded for using brand names of software packages or hardware.

Answer **all** questions.

6746873

ω

∞

At the end of the examination, fasten all your work securely together. The number of marks is given in brackets [] at the end of each question or part question.

For Examiner's Use

This document consists of **12** printed pages.

## 3 Tick **TRUE** or **FALSE** next to each of these statements.

	TRUE	FALSE
DTP software can be used with sound files.		
Measurement software is used to send emails.		
Spreadsheet software is used to create models.		
A command line interface can be used to communicate with a computer.		
PDAs are usually bigger than laptops.		

[5]

	3	2
Complete each sentence below	using <b>one</b> item from the list.	A graph plotter
A chip reader	A digital camera	A graph plotter
A graphics tablet	A joystick	A graph plotter A laser printer
A multimedia projector	An optical mark reader	A temperature sensor
		I
A TFT monitor		
A TFT monitor (a)	is used to send data to a micro	oprocessor controlled cooker.
	••••	
(a)	is used to read details from a	bank card.
(a) (b)	is used to read details from a is used to control a car driving	bank card. simulator.
(a) (b) (c) (d)	is used to read details from a is used to control a car driving	bank card. simulator. or inclusion in a web site.

5 Tick **three** items of software which a PC connected to the internet might use.

	~
A modem	
A virus scanner	
An email package	
Another PC	
A browser	
A keyboard	

[3]

**6** A school has a database which includes details of every student. Tick whether the following statements refer to a file, a field or a record.

	Field	File	Record
All the information about one student.			
One piece of information about each student.			
A primary key.			
All the information about all the students.
