INFORMATION AND COMMUNICATION TECHNOLOGY

International General Certificate of Secondary Education

Grade thresholds taken for Syllabus 0417 (Information and Communication Technology) in the October/ November 2011 examination.

	maximum mark available	minimum mark required for grade:			
		A	C	E	F
Component 11	100	57	41	30	24
Component 12	100	67	47	41	34
Component 13	100	60	43	36	33
Component 2	80	68	43	22	17
Component 3	80	66	48	27	19

The threshold (minimum mark) for B is set halfway between those for Grades A and C. The threshold (minimum mark) for D is set halfway between those for Grades C and E. The threshold (minimum mark) for G is set as many marks below the F threshold as the E threshold is above it.

Grade A* does not exist at the level of an individual component.

The thresholds for the **syllabus** are determined first by adding together the thresholds for the components taken by the candidate. A reduction may be made at the higher grades depending on the correlation of the papers. If the maximum raw marks for the components are not in the weighting/relationship specified in the syllabus, a weighting is applied to arrive at the overall thresholds. The A* threshold is calculated using the difference between A and B as a starting point.

The maximum total mark for this syllabus is **300.**

The overall thresholds for the different grades were set as follows.

Option	Combination of components	A*	A	B	C	D	E	F	G
AX	02, 03, 11	250	217	184	152	121	91	69	47
AY	02, 03, 12	264	229	194	159	131	104	81	58
AZ	02, 03, 13	255	221	187	154	126	98	80	62

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
