

# ADDITIONAL MATHEMATICS

## International General Certificate of Secondary Education

Grade thresholds taken for Syllabus 0606 (Additional Mathematics) in the October/November 2012 examination.

	maximum mark available	minimum mark required for grade:		
		A	C	E
Component 11	80	64	26	15
Component 12	80	70	33	20
Component 13	80	58	23	8
Component 21	80	66	35	25
Component 22	80	64	28	17
Component 23	80	67	30	13

The threshold (minimum mark) for B is normally set halfway between those for Grades A and C. The threshold (minimum mark) for D is normally set halfway between those for Grades C and E. Grade A\* does not exist at the level of an individual component.

The thresholds for the **syllabus** are determined first by adding together the thresholds for the components taken by the candidate. A reduction may be made at the higher grades depending on the correlation of the papers. If the maximum raw marks for the components are not in the weighting/relationship specified in the syllabus, a weighting is applied to arrive at the overall thresholds. The A\* threshold is calculated using the difference between A and B as a starting point.

The maximum total mark for this syllabus is **160**.

The overall thresholds for the different grades were set as follows.

Option	Combination of components	A*	A	B	C	D	E
AX	11, 21	<b>147</b>	<b>130</b>	<b>91</b>	<b>61</b>	<b>50</b>	<b>40</b>
AY	12, 22	<b>152</b>	<b>134</b>	<b>92</b>	<b>61</b>	<b>49</b>	<b>37</b>
AZ	13, 23	<b>143</b>	<b>125</b>	<b>84</b>	<b>53</b>	<b>37</b>	<b>21</b>

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
