## MARK SCHEME for the May/June 2015 series

## 9777 GLOBAL PERSPECTIVES & INDEPENDENT RESEARCH

9777/03

Paper 3 (Presentation), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2015 series for most Cambridge IGCSE<sup>®</sup>, Cambridge International A and AS Level components and some Cambridge O Level components.

- The assessment objectives (AOs) are to some extent inter-dependent and the presentations should be marked holistically using the levelbased mark scheme below.
- Examiners should look at each section of the level descriptors. If all are solidly attained for a level, the top mark for the level is to be awarded. Descriptors describe the top mark of each level.
- There will frequently be some aspects of the answer which fall within a level and some within the level below. Examiners should award a lower mark in the higher band according to this balance. All marking will be positive. Examiners will use the full range of marks and look for the 'best fit', not a 'perfect fit'.
- There is no requirement for candidates to use technical Critical Thinking terms to access any level and candidates will **not** be rewarded for their use unless they are directly linked to the demands of the question.

Level	Marks	Indicative content				
5	33–40	The presentation is <b>clearly</b> focused on an issue of global significance <b>and</b> is <b>firmly</b> based on the source material. The presentation is <b>logically</b> structured and <b>coherently</b> argued with <b>clear</b> lines of reasoning and <b>well-supported</b> judgements. The candidate reflects <b>sympathetically</b> on the global issues <b>and</b> perspectives, based on <b>sufficient insightful and enquiring</b> research. A range of <b>relevant</b> and <b>credible</b> sources has been <b>synthesised</b> , cited and <b>fully</b> referenced. The candidate shows genuine <b>empathy</b> with alternative perspectives <b>and</b> arguments and either <b>justifies</b> disagreement with these perspectives or finds a <b>viable compromise</b> between them. The candidate's conclusion, or personal perspective is based <b>logically</b> on the evidence, reasoning <b>and</b> personal reflection presented <b>and effectively</b> answers the question posed.				

• The running time for the presentation must not exceed 15 minutes. Examiners will not credit material after the 15 minute limit.
