

ADVANCED GCE GEOGRAPHY A

Synoptic Geography: People and Environment Options

2684

Candidates answer on the Answer Booklet

OCR Supplied Materials:

- 8 page Answer Booklet

Other Materials Required:

None

**Tuesday 29 June 2010
Morning**

Duration: 1 hour 30 minutes

INSTRUCTIONS TO CANDIDATES

- Write your name clearly in capital letters, your Centre Number and Candidate Number in the spaces provided on the Answer Booklet.
- Use black ink. Pencil may be used for graphs and diagrams only.
- Read each question carefully and make sure that you know what you have to do before starting your answer.
- Answer **two** questions, each from a different option.
- Do **not** write in the bar codes.

INFORMATION FOR CANDIDATES

- The number of marks is given in brackets [] at the end of each question or part question.
- Where relevant, you should include sketch maps and diagrams and **make use of examples of places you have studied**.
- This is the synoptic paper. In your answers you must show **understanding of the connections between the different aspects of geography** represented in the whole of the A level specification.
- You will be awarded marks for the quality of written communication.
- The total number of marks for this paper is **120**.
- This document consists of **4** pages. Any blank pages are indicated.

Answer **two** questions, each from a different option.

Option 1: Geographical Aspects of the European Union

Either:

- 1 Discuss the view that the single European market has intensified the problems of peripheral regions in the EU. [60]

Or:

- 2 For a named declining rural region, evaluate the effectiveness of regeneration strategies. [60]

Or:

- 3 'The problem of transnational pollution in the EU has largely been solved.' Assess the validity of this statement. [60]

Option 2: Managing Urban Environments

Either:

- 4 To what extent has decentralisation reduced urban environmental problems? [60]

Or:

- 5 Evaluate the effectiveness of strategies used to revitalise inner city areas. [60]

Or:

- 6 'Cities can never be sustainable.' How far do you agree with this statement? [60]

Option 3: Managing Rural Environments

Either:

- 7 To what extent do you agree with the view that the main role of farmers is to manage the countryside? [60]

Or:

- 8 'Modern intensive farming is the main cause of habitat loss.' How far do you agree with this statement? [60]

Or:

- 9 'Rural communities and cultures are undergoing rapid change.' Assess the accuracy of this statement. [60]

Option 4: Hazardous Environments

Either:

- 10 Evaluate the view that in hazardous environments the real killer is poverty, not the forces of nature. [60]

Or:

- 11 Discuss the view that rapid urbanisation has significantly increased the vulnerability of populations to tectonic hazards. [60]

Or:

- 12 Evaluate the effectiveness of strategies used to reduce slope hazards. [60]

**Copyright Information**

OCR is committed to seeking permission to reproduce all third-party content that it uses in its assessment materials. OCR has attempted to identify and contact all copyright holders whose work is used in this paper. To avoid the issue of disclosure of answer-related information to candidates, all copyright acknowledgements are reproduced in the OCR Copyright Acknowledgements Booklet. This is produced for each series of examinations, is given to all schools that receive assessment material and is freely available to download from our public website (www.ocr.org.uk) after the live examination series.

If OCR has unwittingly failed to correctly acknowledge or clear any third-party content in this assessment material, OCR will be happy to correct its mistake at the earliest possible opportunity.
