

**ADVANCED GCE****GEOGRAPHY B**

Issues in Sustainable Development

2692

Candidates answer on the Answer Booklet

OCR Supplied Materials:

- 12 page Answer Booklet

Other Materials Required:

- Resource Booklet (2692/RB)
– previously supplied

Tuesday 29 June 2010
Morning

Duration: 2 hours**INSTRUCTIONS TO CANDIDATES**

- Write your name clearly in capital letters, your Centre Number and Candidate Number in the spaces provided on the Answer Booklet.
- Use black ink. Pencil may be used for graphs and diagrams only.
- Read each question carefully and make sure that you know what you have to do before starting your answer.
- Answer **all** the questions.
- Do **not** write in the bar codes.

INFORMATION FOR CANDIDATES

- This Issues Analysis paper provides for synoptic assessment which requires you to draw on your understanding of the connections between different aspects of Geography represented in your course.
- The tasks have been set to offer you opportunities to show how your course in Geography has helped you to understand and analyse complex issues of sustainable development.
- Even where not specifically asked for, credit will be given for your ability to draw upon ideas and information from your Advanced GCE course, provided they serve to support your answers.
- The resource book provided should be referred to in your answers but you are encouraged not to repeat sections of it.
- You are reminded that marking will take account of the quality of written communication and the orderly presentation of your answers.
- You are recommended to use the allocation of marks to the tasks as a guide to the length of time you should spend on them.
- The number of marks is given in brackets [] at the end of each question or part question.
- The total number of marks for this paper is **120**.
- This document consists of **2** pages. Any blank pages are indicated.

Question 1

With the aid of diagrams, outline the ways in which forests play an important part in:

- (a) atmospheric processes and
- (b) world trade.

[40]**Question 2**

Using examples from **two** different types of forest, describe how past uses have threatened each of the forest ecosystems and suggest how management of each type of forest could make them more sustainable.

[40]**Question 3**

For one or more resources that you have studied, other than forests, assess the extent to which changes in society have altered the demands made on the resource.
